You are the foundation of physician families. As physicians and physician spouses, you have made many sacrifices and helped build a healthy association through various community activities and philanthropy. The NCMS Alliance values and supports its own members in addition to our external mission, especially in times like this. We wish to continue to strengthen bonds between our Alliance and physician families.

Our mission to advance the health of North Carolinians through advocacy and action is invaluable, as displayed through our various efforts to

- address the opioid epidemic,
- promote pandemic recovery relief for communities,
- encourage health projects and offer grants across North Carolina, and
- act as a general support base for physician families.

The medical community consists of many wonderful, motivated people with accomplishments on personal, professional, and communal levels. We need your positive outlook and participation in the Alliance! Join at the level of your choice. Help keep the Alliance successful with your donation of membership dues, annual fund contributions and by lending some of your talents.

President's Message

This past year seems like a blur, partly because of the realization that I spent the majority of my time indoors at home. I have always considered myself a "homebody", but I am rethinking that. While I am thankful for a roof over my head and food in the pantry, the quarantine was emotionally exhausting. Concerned for my husband's welfare in his day to day work in the hospital, the feeling of helplessness and frustration took its toll.

Today, I am feeling optimistic and encouraged by what small community groups across the country are doing to help their community move forward in the aftermath of the COVID 19 pandemic. I am equally excited about the opportunities for NCMSA to be part of this recovery across our state. This will take all of us.

Please join me and our Board on this journey. Your membership is important to our efforts. We look forward to hearing from all of you about what is happening in your counties and communities.
