## Information

Share your talents and interests:

- Areas of Talents/Expertise: \_\_\_\_\_
- Interests/Hobbies: \_\_\_\_\_

Indicate your interest in serving with a group of other Alliance members in the following areas. Meetings are via Zoom now. No travel involved!  Membership Development  Program Development  Resource Development (Fundraising Projects)

You are the foundation of physician families. As physicians and physician spouses, you have made many sacrifices and helped build a healthy association through various community activities and philanthropy. The NCMS Alliance values and supports its own members in addition to our external mission, especially in times like this. We wish to continue to strengthen bonds between our society and its physicians.

Our mission to effect changes in the medical arena is invaluable, as displayed through our various efforts to

- address the opioid epidemic,
- promote pandemic recovery relief for communities,
- encourage health projects and offer grants across North Carolina, and
- act as a general support base for physician families.

The medical community consists of many wonderful, motivated people with accomplishments on personal, professional, and communal levels. We need your positive outlook and participation in the Alliance! Join at the level of your choice. Help keep the Alliance successful with your donation of membership dues, annual fund donation and by lending some of your talents.

## President's Message

Happy Fall to all.

The weather has cooled down to a comfortable level and the Alliance is heating up for great year.

Our programming focus this year is continuing from last year, **Access to Care**, targeting health disparities, and social determinants of rural healthcare in underserved communities.

We are doing our best to bring programming to our members via **Member Connect** a virtual video club to discuss current topics of interest.

**Coffee with the Prez** will continue on a quarterly basis. During this pandemic we want to check in with our members, see how you are doing, let us know what is happening in your community, and how can we help you and your Alliance.

We have launched our virtual **Shop and Share** as this year's fundraiser to support the Health Education Opportunity Fund. This gives us additional resources to fund programming.

But what we need most is your support and the best way to do that is to renew your membership. Please help us to help others. We cannot do it without you. THANK YOU!!

Barbara Savage, NCMSA President, 2019-21
